Aditi Rawat: 'Tia is perfect character to play on TV'

motherly figure in her life. She is a modern, pragmatic but emotional and loving, she can become a mother figure to achieve what she desires. She believes - where straightforwardness has never a chance of working, crookedness flourishes. From a stubborn girl who doesn't get along with her 'Saas' and has no value system, she realizes the value of honesty, justice and learns to respect elders and the importance of 'adjustment' to build relationships eventually finding a motherly figure and a balanced life. Here, Aditi Rawat talks about her new show and more.

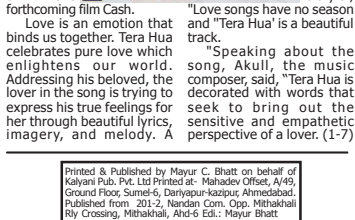

What made you say yes for this show on Azad? "Till now, I had done heavy-duty drama (Main Bhi Ardhangini) and mythology (Vighnarajna Ganesha). So, this is a fresh genre for me. I am not saying I am good at comic timing. No actor is perfect. It is always work in progress. I said yes because my character is very interesting and also the storyline. (19-8)

INTELSOFT's Cricket Fantasy Software to Redefine Virtual Gaming Reality!

Ahmedaad, Integra Telecommunication & Software Limited (Intelsoft), a BSE listed enterprise, is an end-to-end IT gaming solutions provider providing a broad spectrum of IT services for Indian businesses. Its solution offerings range from desktops, data security and help-desk support, through to servers, backups, to network administration and much more. Intelsoft has formally intimated the BSE that it is close to launching a niche software / game platform, namely 'Cricket Fantasy' - the Beta version launch of which is slated for March 2022. The valuations of the new product in the portfolio are expected to be reflected in the first quarter of 2022. The company expects this to be a game changer due to high demand, high potential and high margins in the product offering. Intelsoft also has plans in the offing to raise Rs. 50cr for the development and new product/service marketing purposes to infuse never-before momentum into deeper market penetration. Earlier, the company had approved the proposal to receive investment from Foreign Institutional Investor (FI), and for the upgradation of the company's product software. Price difference lures MP, Raj vehicles to fill fuel in Gujarat

Ahmedabad : With significant difference in fuel prices between Gujarat and neighbouring states of Rajasthan and Madhya Pradesh, many people have started fuelling their vehicles at petrol pumps located on the state borders. Differences in prices of petrol, diesel and CNG have been evident for quite some time now, but the significant difference witnessed after the recent revision has led vehicle owners to make a beeline at fuel stations in Dahod. Besides prices of diesel sold in large quantities on highways, prices of petrol and CNG differ significantly. Transporters have been filling diesel in their trucks regularly in petrol pumps on the state borders in Dahod, but now even passenger vehicles and two-wheelers too are following suit. Ketan Patel, who owns a petrol pump in Jhalod located close to Rajasthan border, said that around 100 to 150 vehicles from Rajasthan fill petrol at his petrol pump. "The difference in prices is significant. Many visit Jhalod regularly to buy fuel here," said Ketan. Zulfikar Tena, who owns a petrol pump on the

Ahmedabad-Indore highway in Dahod said, that the sale of CNG has jumped significantly at its establishment. "The rise in sales is of around 1,000kg. The price of CNG is around Rs 65 per kg in Dahod and around 76 per kg in MP. Several vehicles prefer filling in Gujarat due to this," he said.

Owners point out that since long commercial vehicles that have to cross the Gujarat border prefer getting diesel in Gujarat.
